APPROVAL OF SEPTEMBER 8, 2022 MINUTES

BOARD MEMBERS WILL EXIT THE STAGE

Barbara Tupper, Election Chair will present the Instructions for Candidates Night and how this meeting will be conducted. If at any time any Shareholder or Candidate becomes loud or causes discord at this meeting, they will be first asked to settle down, and if not, they will be escorted out of the room. Please be considerate and respectful to our Candidates presentations, as well as our Shareholders that have come out tonight to listen and ask questions. Thank you.

* Radburn requires that a Candidate specify what position they are seeking, so the ballot is divided into two separate groups for voting. 4 seats are available this year for election: there are 2 three-year terms and 2 two-year terms.

*All Candidates will be introduced. The 1st group of Candidates running for the 3 year-term are: Maureen Barbieri, Marian Coffey, Luann Colao and Raymond Mecca. The 2nd group running for a 2 year term will be: Saul Balasiano, Nicholas (Nick) Recanati, Manuel M. Remelgado and Catherine (Cathy) Stanton.

*The 1st group of Candidates will come on stage and the 2nd group of Candidates will be escorted to the library. Each Candidate will have 3 minutes for a short introduction and they all will be asked 4 questions by the Election Committee. When this is completed they will be escorted to the library and the 2nd group of Candidates will do the same.

*When the 2nd group is finished, all Candidates will return to the stage and the floor will be open for questions from the audience. Each Candidate will be allowed 3 minutes to respond.

*A microphone will be circulated.

*This is our community, please be respectful of all attendees. This is the only opportunity that Candidates are allowed to campaign on our community property. Please use it wisely to assist you in making the right decisions to ensure that our Community Corporation is managed in the best interests of all Shareholders and Residents, and will continue the work to correct the Corporation's financial deficits.

*At the end of the meeting all Board members, Election committee members and Candidates, if they choose, will be available to answer any of your questions.

*All Shareholders will be mailed a Voting Packet that will include instructions and resumes of all Candidates.
